Early Spring Lawn Care

Spring is just around the corner (no, really!) And while we may get a few more hits of snow, now is a good time to start thinking about getting your lawns ready for summer.

1. Tune up your lawnmower, sharpen those blades, give it a good cleaning.
2. Clean up the debris that accumulates on our lawns during the winter. A quick raking is usually all that’s needed.
3. Pre-emergent weed control and fertilizer can help your lawn. Zamzows stores are a great resource in the valley!
