General News

Since we are all stuck indoors for the next few months, house plants are a great way to bring the greenery of a garden into our homes. Here are some reasons to love houseplants:

- *Houseplants reduce stress levels
- *Improve the quality of indoor air
- *They can help with indoor allergies
- *Plants add moisture to the air

There are many plants that are great for even the blackest of thumbs. Snake plants, philodendrons, jade plants, and Chinese evergreens are good choices. So go get yourself a few houseplants, replant them in beautiful pots, and enjoy the greenery during these cold months while we long for the warm summer days.

1. **HOA Association dues are due January 31. Please note that we cannot accept credit or debit cards. If you haven't paid yet, contact the office to make arrangements and avoid a late fee.**
2. **The irrigation retention pond, waterfalls, and front landscaping berms are not play areas. Please keep kids off these areas.**
3. **Homeowners are responsible for clearing snow off their sidewalks. Please do not throw the snow into the street!**
4. **Ice Melt can damage concrete - even the brands that say they are safe for concrete! Please avoid spreading it on your walkways and patios to avoid chipping and cracking. Good alternatives are sand and kitty litter.**
